## February Specials—Angel Messages and Gifts

### The Romance Angels' Love Prescriptions

What are the biggest barriers to experiencing romance (the love of love)? More importantly, how can they be removed once and for all to manifest more love?

To address these questions, we look to the Romance Angels—a group of helpful Divine beings devoted to opening our hearts to love, a central part of everyone's life purpose.

1. *Lack of self-love.* Rather than loving yourself, you deny yourself this love until and/or unless someone else loves you. This is postponing joy and inviting misery and frustration to take up permanent residence. Remedies: Forgiveness, acceptance and changing how you see and care for yourself. Build self-esteem.

2. *Feeling unworthy or guilty.* Another manifestation of not loving yourself with exactly the same remedies. The angels are always consistent on this important point—the guilty demand punishment. The universe will fulfill your expectations. Are you carrying a thimble or a bucket for the Universe/Higher Power to fill?

3. *Taking no action.* When time travelling to the future in our minds, we can decide that it is not worth the effort as things would not work out anyway or some other unproven assumption. This is a convenient excuse to stay stuck. Remedies: Be in the now. Clarify your intentions, develop an action plan and commit to taking daily small steps.

4. *Carrying ghosts of the past into the current moment.* When we don't fully release and process past experiences, they continue to resurface. These ghosts may include parents and not just ex-partners. Remedies: Live in the present moment. Release and forgive everything and everyone that prevents you from being present now.

5. *Surrendering your power.* Letting others decide your capabilities, worthiness, standards, desires and timeline are frequent sources of power leakages. They manifest as resentments, power struggles and rebellion. Remedies: Examine choices for intentions. Own your choices and feelings. Practice self-love by practicing forgiveness. Know you are capable and trustworthy.

Your ego will try to convince you the task is too big, you aren't up to it, you can't change because you've always been this way, etc. etc. The angels remind you that with the Higher Power all things are possible. They stand ready, waiting for your invitation, to support you and guide you to making changes to bring you love, joy and peace.

### Relationship/Couples Angel Readings

Are you struggling in a relationship or still being negatively impacted by a previous one? The angels want to help for everyone's highest good.

Having a desire for peace is the first step in healing a relationship. Setting your intention to achieve that peace, regardless of the other person's choices, will guide you through resolving the issues.

A relationship or "couples" angel reading can be very productive for relationships in need of Divine guidance and direction. They might be partners in a romantic relationship, siblings or other family members. The only requirement is that all parties share the intention of reaching and maintaining peace.

In a relationship session Kelly connects with everyone's Divine helpers and mediators to relay their guidance for healing conflicts, moving forward and/or offering closure.

As the angels are not limited by geography or locations of the souls involved, it is possible to have your session with someone on the Other Side. Their willingness to help you reach closure is "a given" according to the angels. Part of a soul's work upon returning Home is to review their lifetime in tremendous detail with the aid of the Higher Power, guides and Divine helpers. As these souls have already completed their work on the lesson(s), they are eager to help you finish yours. Their vantage point allows them to know the Divine plan behind the relationship, free of earthly egos that demand to be right.

Relationship readings are very interactive and healing no matter the location of the souls. Telephone sessions are recommended for this reason. Regular reading rates of \$2 a minute apply and free MP3 audio recordings are available upon request for all parties.

### An Angel Message About Love

Are you outsourcing your self-esteem?

The angels say if you do not love and accept yourself unconditionally, but yet you expect someone else to, you are outsourcing your self-esteem. Their questions to you consider: Why ask of others what you are unwilling to give yourself? What will such an intention bring?

Love starts inside and then radiates outward without limits or conditions. Treat yourself as you would a cherished loved one.
